Math 4670 / 5670 Revision Cover Sheet

This form <u>must</u> accompany all revisions you submit. Revisions will not be accepted if this form is not attached.

Which assignment are you revising?
Is this your first revision for this assignment? Second? etc.:
Which exercises from this assignment are you revising?
It costs 1 token to revise a quiz question and 2 tokens to revise an exam question.
Demonstrating Productive Failure
What caused you to get this exercise wrong? Be as specific as possible. (E.g.: I misunderstood the definition of λ because, I misread the problem and thought, I didn't know that X because I wasn't in class that day.)
What could you do differently in the future to prevent mistakes like this?
Checklist
$\ \square$ Answer the top three questions about which assignment and exercises you are revising.
☐ Answer both of the questions in the section Demonstrating Productive Failure. These questions are really meant to make you self-evaluate, so please take them seriously.
☐ <u>Staple together</u> this cover sheet, the original graded assignment, any previously graded revisions for the assignment, and the new revision.
\Box If you do not include all of these things, your revision won't be graded.
